TO THE SKILLS OF YOUR EMPLOYEES •

Basic Industrial Motor Control and Print Reading Spring 2024

This course, offered by the Harford County Electrical Contractors Association and Harford Community College, covers the concepts, logic, and components used to control industrial motors. Topics include motors, push buttons, starters, relays, instrumentation switches, schematic and wiring diagrams. This hands-on course will consist of a series of **8 three-hour classes**. 2.4 CEUs (Continuing Education Credit) and a certificate will be issued upon completion. Due to equipment constraints, class size is limited to **16** students. **If you are not a current apprenticeship student, Mike Holt's Basic Motor Control book will be provided.**
